

MORE OF A LIFE SWITCH THAN  
A LIGHT SWITCH

It's a light switch. It's a dimmer. It welcomes you home and shuts everything off as you leave. It controls your home's temperature, plays music in any room

of your home – all at the touch of a button or remote control. C-Bus home control; for your new home or the one you're in now.

Start with a simple system and add to it as your needs change. Start your life switch today. Visit [www.SEreply.com](http://www.SEreply.com) (code i890w) for more information.
